

****IMPORTANT NOTICE****

The Town of Blackstone has started to install NEW MXU (Smart Point) meter attachments in 2023. This will allow water meters to be read in a timelier fashion AND provide the most accurate readings.

The new attachment sits directly on top of your water meter. PLEASE be cautious of this device when using the following:

- **LAWNMOWERS**
- **ATVS**
- **WEED EATERS**
- **GOLF CARTS**
- **POWER WHEELS**
- **TRAILERS**
- **VEHICLES**

The above can severely damage the MXU (Smart Point) meter attachment.

We appreciate your cooperation! Thank you!
